Commercial and Business Waste

All waste produced by your business or within your work place is regulated by waste laws

These include a requirement to:

- Reduce the waste you send to landfill
- Separate your waste for recycling/reuse
- Ensure that you produce, store, transport and dispose of your business waste legally, and without harming the environment.

Armagh City and District Council Recycling Centres offer all local businesses the opportunity to meet these legal requirements

Simply call our Recycling Helpline on 028 37529624 and register to use your nearest Recycling Centre

Recycling is free of charge to all registered business users, but please do use the site regularly to avoid a build up of materials!

Thank you for Recycling

N.B. Anyone refusing to separate their waste for recycling will be asked to leave the Centre
